

### **Floor lift for (touch) flat screens max 120 kg**

Quick and easy to install floor lift, allowing electrical height adjustment of your (touch) screen. The lift is fitted with a screen bracket containing most VESA patterns, making it suitable for almost every display. Unit requires positioning on the specially developed base plate ([MD 052B7210](#)) or close to a wall after which it can be fastened with the adjustable wall mounting kit ([MD 052B7230](#)). The floor lift comes with a remote control to adjust the display 600 mm in height. Behind the mounting feature, room is reserved for placing a mini PC. For the use of a thin-client PC a VESA 75/100 mounting pattern is included.
